## PROFILE SUMMARY

Penultimate-year Computer Science undergraduate at Instituto Superior Técnico, with experience in full-stack development and collaborative project work. Motivated, adaptable, and eager to apply theoretical knowledge in a summer internship focused on solving real-world problems and building meaningful software.

## WORK EXPERIENCE

**FST Lisboa** May 2025 - Present  
Operational Software Trainee

- Contributing to the development of the team's internal management software, used for creating Bills of Materials (as part of formula student competition) and tracking team member availability for tasks and responsibilities.
- Additionally, as an Operations Trainee, I assist with events and other operational matters as needed.

**Skills:** Java, SpringBoot, TypeScript, Vue, PostgreSQL, Git, GitLab

**SINFO** May 2025 - Present  
Web Dev Team Member

- Biggest Free Tech Conference in Portugal.
- Tasked with improving the event's web app.

**NEIIST** April 2025 - Present  
Dev Team - Núcleo Estudantil de Informática do IST

- Led an interactive Git Workshop for fellow students, introducing core version control concepts and workflows using Git and GitHub.
- Took initiative to replace deprecated CRA, driving a full site rewrite and redesign with Next.js.

**Skills:** TypeScript, Next.js, React, PostgreSQL, Git, GitHub, Figma

## VOLUNTEERING

- Just a Change – Keep Up Lisbon Volunteer
  - Participated hands-on in the renovation of a home in an underprivileged neighborhood in Lisbon. I tore down old walls, tiled bathrooms, laid cement, and painted new walls.
- AAMA – Associação de Atividade Motora Adaptada
  - Volunteered at Camp Abilities a camp for visually impaired children supporting inclusive activities like adapted sports (such as football, surf and scuba diving).
